DANGEROUSLY SICK AT PALACE HOTEL IN SAN FRANCISCO

Battling for Life While Physicians Do All That is Humanly Possible to Aid in Building Up Resistance to His Disease—President Maintains His Cheerfulness

(By The Associated Press)
BULLETIN
PRESIDENTIAL HEADQUARTERS, Palace Hotel, San Francisco, July 30.—Gravely ill with broncho-pneumonia, President Harding battled tonight for his life.
The five physicians attending the chief executive let it be known that they had used the word "fight" advisedly when the last statement from the sick chamber was issued tonight, adding, however, that Mr. Harding was "well adapted" from a temperamental standpoint to make the "fight" a strong one.
"We know when the fight commenced," said one of the attending physicians, "but none of us can tell when the objective will be reached."

PRESIDENT'S WIFE SHOWING FINE COURAGE

Assumes Charge as Nurse in Husband's Sick Room

(By The Associated Press)
SAN FRANCISCO, Cal., July 30. (By A. P.)—Mrs. Warren G. Harding left the white house in Washington more than a month ago to accompany the president on a 12,000 mile trip to Alaska and return by the Panama Canal and Porto Rico. She insisted upon making the tour with her husband despite the fact that she had recovered but a short time before from a serious illness and was judged by some as being at that time in a condition where the hardships of the road might prove disastrous, resulting possibly in a recurrence of the illness she recently had suffered.
The journey across the continent was completed. Mrs. Harding sailed from Tacoma the merriest and most vivacious member of the president's party and it was not until she reached Fairbanks, Alaska, almost within the Arctic Circle, that she needed the rigors of travel and strenuous life along the Northern trails. Those who had worried about her condition from the time the Western journey commenced feared she had overtaxed her strength. Two days of rest however dissipated the fatigue and soon Mrs. Harding had entirely regained her strength and again went cheerfully onward, receiving visitors and taking the first lady's role in a vigorous way wherever the chief executive stopped.
Has Become Nurse
Today the woman who was expected to be nursed has become the nurse. Her husband has been stricken by illness. Five physicians have been called to his bedside in the hotel here in serious consultation. Mrs. Harding has cheerfully assumed the burdens of the sick room, still smiling in the face of adverse fortune, displaying a courage that has won for her the admiration of every member of the presidential party and in addition, lending an effective hand in the business office where secretaries and

McKinley Predicts McCormick Will Win

(By The Associated Press)
WASHINGTON, July 30.—Senator McKinley, Republican, of Illinois, before leaving Washington today to attend the meeting of the inter-parliamentary union in Copenhagen next month, issued a statement in which he predicted the re-nomination and reelection next year of Senator McCormick, also a Republican of Illinois.
Senator McKinley was of the

STATE HIGHWAY POLICE CANNOT RECEIVE MONEY

Brundage Holds Authority Granted Unconstitutional

(By The Associated Press)
SPRINGFIELD, Ill., July 30.—Payment of salaries of 100 state highway maintenance police, about to be appointed by Governor Small under authority granted by the last legislature, is unconstitutional, Attorney General Brundage held in an opinion announced today. The opinion was transmitted to State Auditor Russell, who said his office would abide by the attorney general's ruling.
The attorney general's ruling holds that Senate Bill 60, which appropriated \$3,000,000 for maintenance of state highways, cannot be made to apply to the salaries of highway police because the constitution provides that "bills making appropriations for salaries of officers of the government shall contain no provision on any other object."
The appointment of the highway police is provided in Senate Bill 311 which said that the salaries were to be paid from funds appropriated for maintenance of highways.
The attorney general cites the Ferguson case in support of his contention.
"Senate Bill 60," the opinion said, "clearly contains provision on other subjects than the appropriation to pay the salaries of state highway policemen. It provides for a maximum expenditure of \$3,000,000 for the purpose of maintaining highways, etc. Senate Bill 60 was passed and approved May 24, 1923. At that time Senate Bill 311 had not reached first reading in the senate and of course the former bill was intended to contain provisions on other subjects than appropriations for salaries of state officers. It could not possibly have been intended to include only appropriations for salaries of state officers. Moreover its title does not include or purport to include any appropriation for salaries of state officers."
The attorney general advised the state auditor not to pay the salaries for state highway police "unless you are protected in doing so by court order."

AGED FATHER OF PRESIDENT EAGER FOR INFORMATION

Recalls Instances of Illness in President's Childhood

(By The Associated Press)
MARION, O., July 30.—Dr. George T. Harding, father of the president, tonight received a telegram from Brigadier General C. T. Sawyer, the president's personal physician, which stated that the chief executive was doing well and that "on the whole he is better."
The telegram also stated that Mrs. Harding was "well."
As the aged father of the president eagerly scanned every new bulletin on his son's condition, he recalled that while the president was a youth he had a "severe attack" of lung fever. The president's father said that about twenty years ago Mr. Harding had suffered several slight attacks of indigestion, which were accompanied by a slight dilation of the heart.
These were, however, of short duration and did not confine him to his bed, the president's father added.
Marion, Ohio Prays
Marion, surprised at the turn in President Harding's condition tonight, turned her heart to the sick room in the Palace Hotel in San Francisco with a fervent prayer for the early recovery of "her son."

CRISIS IMPENDING IN GERMANY OVER PRESENT TROUBLES

Tenure of Office of Cuno Ministry is Threatened

(By The Associated Press)
BERLIN, July 30.—Potatoes and fats are two commodities destined to play an important part in determining the Cuno ministry's further tenure of office. If the government succeeds in effecting an early improvement in the food situation in greater Berlin and other industrial centers, particularly in the Ruhr, the social and political crisis which threw Berlin into a panic last week will have been overcome.
The government today started out on a hurried marketing trip in Holland and Denmark, having instructed the reichsbank to surrender a liberal share of its reserves of foreign currencies to meet the heavy costs of Dutch potatoes and American and Danish land.

CHASE FREIGHT TO ARREST THREE MEN

SPRINGFIELD, Ill., July 30.—After a 20 mile pursuit of a freight train, Sheriff Ora E. Eamon and deputies overtook it and arrested three men at Illinoisapolis, suspected of having held up Ray Chapman, special railroad officer, when he tried to arrest them. One of the trio is said to have confessed. They gave their names as W. A. Reynolds, Gulfport, Miss., and Walter and James Cartwright of Shawnee, Okla. As soon as the robbery was reported the sheriff notified railway officials and started in pursuit of the train with riot guns.

MILLIKIN TO HAVE NEW MUSIC HEAD

DECATUR, July 30.—Lowell L. Townsend, head of the Piano department of the University of Wisconsin has been appointed director of the Millikin Conservatory of Music. His election was confirmed in a meeting of the Millikin board of managers Monday evening. Mr. Townsend is a graduate of Northwestern University and will succeed Max T. Swarthout, who recently resigned the directorship to accept a similar position with the University of Southern California.

CLOUDBURSTS CAUSING MUCH DAMAGE IN MARYLAND

(By The Associated Press)
BALTIMORE, Md., July 30.—Cloudbursts and a series of terrific thunderstorms, sweeping the counties of western Maryland, caused the Patapsco river to overflow its banks late today, sweeping bridges and buildings before it and driving hundreds of families from their homes and causing damage that will run into millions of dollars.
As far as is known no lives were lost.
Worst Since 1868
The flood, the most disastrous since the Patapsco overflowed its banks in 1868 and took a toll of 38 lives in the vicinity of Ellicott City, ran highest at Sykesville, Ellicott City and other points between these places and the river's mouth. In addition to the families that were forced to abandon their homes others sought refuge on upper floors had to be rescued by neighbors. Town after town was plunged into darkness and cut off from all communication with the outside world as bridges were carried away or inundated by the rapidly rising torrent.
Barns and livestock were swept away in the swiftly flowing current. Mills and power plants were flooded and their machinery wrecked. Whole sections of railroad tracks were torn up and whirled away. The United Railway Bridge into Ellicott City was flooded and cars were unable to cross.
The Patapsco Rising
Following a cloudburst near Woodbine at 3 P. M., the Patapsco

began to rise rapidly along both the north and south branches. A saw mill at Sykesville was washed away, electric light and power wires were torn down and the north branch bridges at Sykesville and the Westminster Pike were flooded.
Many towns have been cut off from other parts of the state. No word has been received from them since late afternoon. Many pieces of furniture are floating down the river.
According to word from Sykesville and Pikesville, on the south branch of the river, these towns also are under water.
Track Washed Away
Seven miles of track of the Baltimore and Ohio railroad are reported submerged.
At 8:15 half a stone dam about 100 yards wide, was swept away by the torrent causing the high waters at the bridge to mount even higher. Barns on the Carroll county side of the branch were swept away.
Farmers, however, since the waters began their rise at 3:30 P. M., had removed cattle, pigs and other livestock to high ground and these did not suffer in the destruction of the barns.
A second cloudburst occurred at Woodbine at 9 o'clock tonight and Ellicott City some distance away has been warned that ten more feet of water soon would reach that place. All lights and telephones are out of commission. Hundreds of livestock have perished. Many have been seen floating down the river.

LAUSANNE, July 30. (By A. P.)—The Turco-American negotiations are in an unfavorable position; it depends upon the decision of Washington whether a convention will be signed at Lausanne. Ismet Pasha took Ismet Bey with him today to give him added strength in his talks with Joseph C. Grew. The first indication that the situation was less hopeful came when Ismet announced that Turkey could do nothing for the United States with respect to the protection of Christian populations in Turkey who were Ottoman subjects. This was a distinct disappointment because of the previous intimation that in his answer to Mr. Grew's letter inquiring as to what steps Turkey would adopt for safeguarding the legitimate interests of minorities, Ismet would enclose a copy of the national pact which includes references to the rights of minorities.
National Pact Provision
Today, however, Ismet said that after mature consideration this seemed impossible, because the national pact provided for treaties concerning minorities with other countries and it was not suggested that the United States should negotiate a treaty on this subject.
Regarding American claims for damages to property Ismet suggested alternatives. He proposed that a distinct category of claims be agreed upon should be mentioned in the treaty and submitted to arbitration, failing on accord in specific cases. The second alternative was that the fixing of a category of claims should be acquired for later negotiations between the two governments and that when requests for damages fell into the field thus restricted they should be submitted to two appraisers, one a Turk and the other an American.
As the Turkish conception of a proper category eliminates all losses incidental to insurrection or war, the Americans seem to doubt its reasonableness or availability. Nevertheless, Mr. Grew in his desire for a settlement agreed to have a joint meeting of experts work out a formula which he presumably will cable to Washington.

RAILROADS TALK LOWER RATES AID WHEAT MOVEMENT

Emergency Measure to Stimulate All Grain Trade

(By The Associated Press)
CHICAGO, July 30.—Chief executives of approximately twenty-seven western railroads meeting here today to consider the suggestion of a committee of Omaha business men that a twenty-five per cent reduction on export consignments of wheat and flour be put into effect as an emergency measure to stimulate the grain trade, adjourned tonight without making a definite announcement of their action on the matter.
It was indicated informally by several participants in the discussions that the proposition was not endorsed. A communication embodying the conclusions of today's conference has been dispatched to the Omaha committee and will be made public here tomorrow.
Traffic representatives of the interested lines meeting here last Friday unanimously rejected the suggestion for such a preferential rate. This finding of the traffic men was to be approved or rejected by today's meeting of the road presidents.

BITUMINOUS COAL OPERATORS OFFER A PUBLIC REPORT

(By The Associated Press)
WASHINGTON, July 30.—Bituminous coal operators representing 75 per cent of the country's production, today submitted a formal offer to the federal coal commission to make public complete accounting of costs, prices and wages in the industry conducted voluntarily under government supervision.
The plan was outlined at an executive conference between the commission and a special committee of operators headed by J. G. Brydon, president of the National Coal association and including representatives of all the larger coal producing corporations and associations of corporations in the mining field.

TURK-AMERICAN NEGOTIATIONS DISAPPOINTING

Turkey Refuses Protection to Christian Subjects

GRAIN EXCHANGES OF UNITED STATES ARE NOT AT FAULT

Claim Made by Official of Chicago Board of Trade in Comment on Federal Trade Commission Report on Operations of Grain Exporters—Many Suggestions are Offered

(By The Associated Press)
CHICAGO, July 30.—Grain exchanges of the United States have been "completely vindicated of the most unfair charge ever brought against an industry," John R. Mauff, executive vice president of the Chicago Board of Trade declared tonight in commenting on the Federal Trade Commission's report on operations of grain exporters made public yesterday.
The commission he declared, had found that the price slump from July 1920 to September 1922, "was not due to speculation or manipulation," but "to other factors, including supply and demand."
"In view of the commission's conclusion, based on long and thorough inquiry," Mr. Mauff's statement said, "it seems pertinent to ask why the commission should suggest new restrictions for the already over-burdened exchanges. All agitation has been based on the contention that speculation and manipulation caused the decline."
"This one contention of political agitators, now branded as false by the commission has caused chaos in an industry and for three years has compelled the exchanges to fight for their existence."

BELGIANS AND FRENCH ANSWER BRITISH NOTE

Voice Doubt Whether Ruhr Situation Has Been Aided

(By The Associated Press)
LONDON, July 30.—The French and Belgian ambassadors this evening handed to Lord Curzon, secretary of state for foreign affairs the replies of their governments to the British note proposing negotiations with Germany to solve the problem of the Ruhr and the greater problem of German reparations. Thus commonplace enough ended one chapter in the trying negotiations. Yet it is a question in the mind of the British public whether these notes do more than open another chapter in the entire process. If Premier Baldwin has brought about any change resembling finality or an allied agreement will be acclaimed as a miracle worker. But there are no signs that a miracle has been worked.
Cherish No Optimism
Premier Baldwin and Lord Curzon plainly cherish no such optimism. Both spoke briefly in parliament—the commons and Lords, respectively—today on the position of the negotiations at that moment. Both were terse; neither voiced any hope that Great Britain and France had drawn closer together. There will be an attempt to discuss the topic before parliament adjourns Thursday as the members are eager to learn the exact aspect of affairs. The premier told the commons it was very doubtful whether anything would be received which could be published in Thursday debate. The premier gave one gloomy hint.
"I am afraid," he said, "it will only be a continuation of the negotiations."
Lord Curzon informed the lords with an air of weary resignation he certainly would give them a statement Thursday if it were within his power to do so, but his manner clearly indicated he did not think it would be.
"No hints have come across the channel that Premier Poincare has abandoned, or even modified the views which his government has previously held to tenaciously."

PARDON BOARD TO HEAR KLEIN APPEAL

SPRINGFIELD, Ill., July 30.—The state division of pardons will hear the appeal of Jacob Klein, millionaire deputy sheriff of DuPage county tomorrow. Klein is now in jail where he was sent after having shot an alleged peeper.
Physicians treating him say he cannot survive imprisonment. Opposition to granting clemency to Klein is expected to develop.

ROBBERS TAKE GUN FROM SPECIAL AGENT

ELGIN, Ill., July 30.—Simultaneously with the issuing of a statement, in which he denied that his conduct has been other than that of a Christian gentleman, William T. Harris, superintendent of schools, today arranged with the board of education for a special meeting to be held at 7 o'clock tonight. It is anticipated that Mr. Harris' request to be released from his contract for the ensuing year will be acted on at the special meeting.

The soviet has punished a couple of recalcitrant Russian professors by depriving them of their rights of citizenship. The dispatch neglected to state what rights, if any, go with Russian citizenship nowadays.

The American Legion has been checking up on the uses to which World War veterans in Illinois are putting the bonus granted them by the state. The money is being spent about as follows:

Saving deposits received, 25 per cent; stocks and bonds are bought with 13.3 per cent; debts are paid with 15 per cent; clothing for self and for family took 15.5 per cent; furniture got 9 per cent; home payments, 8 per cent; doctor and hospital bills take 3 per cent; lodge dues take 3 per cent; and living expenses take 7 per cent.

"We live in an age of iron and have all that we can do to keep the iron from entering our souls," So says John Burroughs in the posthumous book just published. This book of his last essays, called "Under the Maples" contains his wise and sweet philosophy at its best. The paragraph here quoted comes from the story of one of the camping holidays taken with Henry Ford, Thomas A. Edison and Henry S. Firestone. It continues:

"Our vast industries have their

root in the geologic history of the globe as in no other past age. We delve for our power, and it is all barbarous and unhandsome. When the coal and oil are all gone and we come to the surface and above the surface for the white coal, for the smokeless oil, for the winds and the sunshine, how much more attractive life will be! Our very minds ought to be cleaner. We may never hitch our wagons to the stars, but we can hitch them to the mountain streams, and make the summer breezes lift our burdens. Then the silver age will displace the iron age."

The rest of the world likes our automobiles. Exports for the past 12 months gained 59 per cent in quantity and 51 per cent in value over the preceding period. The sale of parts, tires, engines and accessories kept pace. Ten per cent of all our exports were in the form of motor vehicles.

But Europe, our best customer in this line, does not buy automobiles nowadays in quite the same spirit as does America. A considerable proportion of our domestic buyers are interested in horsepower as a major element, and the motor car makers bear this in mind when they advertise. Overseas the high price of gasoline together with the high tax rates, lead every manufacturer to minimize this factor and to figure out the lowest possible rating for his engine.

There the papers are full of four, eight and 12 horsepower cars, advertised with what would seem utter shamelessness to the American accustomed to claim twice or three times the actual development. As a result, the Department of Commerce is advising American makers to say as little of power and as much of economy as they can when they invade the overseas markets.

LITERBERRY MAN HAD BIRTHDAY SURPRISE

J. M. Daniels Celebrated Birthday Anniversary in Pleasant Manner Sunday—Other Literberry News.

Literberry, July 30.—About fifty-two relatives and friends gathered at Nichols park in Jacksonville Sunday afternoon in honor of the birthday anniversary of J. M. Daniels of Literberry.

The affair was arranged as a surprise for Mr. Daniels and he was thoroughly surprised but enjoyed the afternoon fully as much as did any of the others present.

The picnicers brought with them well filled baskets of good things to eat and about 6 o'clock a splendid supper was served.

A huge birthday cake was an important part of the refreshments, the cake being prettily decorated in pink and with red trimmings. All left wishing Mr. Daniels many happy returns of the day.

Those present were Mr. and Mrs. J. T. Litter, Mrs. Nettie Scribner, daughters Edith and Ada and son Wiley, Mr. and Mrs. C. A. Beavers and son James Robert, Mr. and Mrs. Arthur Litter and daughter Eleanor May, Mr. and Mrs. W. W. Daniels and daughter Freda May, Mr. and Mrs. Raymond Brainer, Mr. and Mrs. Goodpasture, Miss Letha Mason, Mr. and Mrs. John Daniels daughter Irene and son Harold Lewis, Mr. and Mrs. Joseph Hagan and daughters Thelma and Irene, Mr. and Mrs. A. Ratliff and daughters Claudine and Blanche Louise, Mr. and Mrs. Ernest Young, Landis and Eugene Young, Mr. and Mrs. Walter Roach, Arthur Lee and Irma and Ruth Roach, Mr. and Mrs. Samuel Lindsay, son and daughter, Mr. and Mrs. Charles Roach and Albert Eugene Roach, Mrs. Katie Johnson Janette and Bobby Johnson, Bertha Boatman, John McCarthy.

News Notes. C. M. Lindsay, who is a patient at Passavant hospital, is reported quite ill.

Mrs. Thomas Pierce was taken suddenly ill Monday afternoon.

Mrs. C. T. Berry who has been ill for a number of weeks, is now steadily improving and is able to be about her home for a time every day. She has had the capable care of Mrs. Alice Hartman of Jacksonville.

NEWLYWEDS GIVEN LIVELY CHARIVARI

Mr. and Mrs. Glen Skinner who were recently married and who arrived in the city yesterday for their honeymoon, were given a royal welcome last evening by members of the band and orchestra in which Mr. Skinner plays.

The couple were captured by the musicians and their friends and loaded into truck, which was decorated with all the newlywed regalia, such as old shoes, tin cans, and other incongruous articles. The band loaded itself into another truck and secured a set of chimes with which to augment its musical efforts.

The procession then proceeded thru the business section and principal residence streets of the city, gradually accumulating a following of curious and amused auto loads of citizens. At least 25 cars were in line as the parade moved along the west side of the square.

The band played popular airs. Frequent cheers and yells were heard along the line of march, and the chimes added to the din.

SAVED FROM AN OPERATION

Now Recommends Lydia E. Pinkham's Vegetable Compound

Washington, D. C.—"Lydia E. Pinkham's Vegetable Compound saved me from an operation which a physician said I would have to have for a very bad case of female trouble. My system was all run down for two years after my little girl was born. Then I read of your wonderful medicine and decided to try it. I could hardly drag one foot after the other, and after taking a bottle of the Vegetable Compound, I felt like a new woman. I now do my housework, and washing and ironing, and do not know what trouble is. My health is fine, and I weigh 110 pounds. When I started I weighed 89 pounds. I gladly recommend Lydia E. Pinkham's Vegetable Compound to any one who is suffering from female trouble or is run down. You may use this testimonial for I am only too glad to let suffering women know what the Vegetable Compound did for me."—Mrs. Ida Bennett, 1529 Penna. Ave. S. E., Washington, D. C.

Such letters from women in every section of this country prove beyond question the merit of Lydia E. Pinkham's Vegetable Compound.

ELKS GOLF TOURNEY IS IN PROGRESS

Nine players have already turned in their scores in the Elks golf tournament which is being played off at Nichols Park. Players must play 36 holes to qualify and all qualifying scores of thirty-six holes must be played no later than Monday, August sixth.

On account of the usual congestion on the links on Saturday field, Clifford Alvers has a low committee in charge of the tournament that all players will qualify as early in the week as possible. Of those already qualified, Clifford Alvers has a low score of 155, closely seconded by C. J. Wright who made the course in 157.

The following is a list of players who have turned in their qualifying scores for the 36 holes:

| Player | Out | In | Total |
|----------|-------|-------|-------|
| Alves | 41-42 | 35-37 | 155 |
| Wright | 38-38 | 40-41 | 157 |

WILL ENTER STATE BABY CONFERENCE

Little Gordon Lewis McGloshen son of Mr. and Mrs. Chester H. McGloshen of 210 North Fayette street who scored 98.2 in the Better Babies conference in this county last summer has been entered in the Better Baby Conference at the state fair in Springfield, beginning September 15th.

At the time of the conference in Morgan county last summer the young man was 28 months old, and consequently will have to be entered in the three year old class at the state fair. It is probable that there will be several entries from Morgan county this year at the state fair as this movement has become quite popular. Mothers entering their children at Springfield may be assured of the best of accommodations for the little ones as the quarters have been thoroughly supplied with everything that could be thought of for the comfort of the babies. The work of weighing and measuring will be greatly facilitated this year by new automatic baby weighing scales.

All entries should be mailed to Dr. Isaac R. Rawlings, director of the department of health, who is in charge of the conference. Entry blanks may be obtained from the Illinois department of public health. Full arrangements are now completed for the care of one thousand children, and it seems to be an assured fact that that there will be not less than 1,000 entries from the various parts of the state, and it is possible that the list will reach 1500 before the time of the conference.

CUPOLA CAUGHT FIRE

A very mysterious blaze occurred at the School for the Deaf Monday morning when the cupola above the kitchen broke into flames and but for the prompt action of the employees who quickly ran a line of hose to the fire, and helped control it until the arrival of the fire department, might have resulted in a very disastrous fire. As the cupola is not near any chimney or fire the cause of the outburst is quite a mystery. The city fire department made a quick run and very quickly extinguished the fire after their arrival.

NO AUTO SHOW AT FAIR THIS YEAR

No Auto Show will be held in connection with the Morgan county fair this year, it was decided at a meeting of the Jacksonville Automotive dealers association held last night at the Dunlap hotel. The meeting was quite well attended; all but two of the members being present. A fine chicken dinner was served at 6 o'clock and after that had been disposed of, President Charles Strawn took the chair and opened the meeting. A proposition to hold an out of doors Auto Show in the business district next fall was put before the meeting. Although the project was thought favorably of, no action was taken.

CUPOLA CAUGHT FIRE

A very mysterious blaze occurred at the School for the Deaf Monday morning when the cupola above the kitchen broke into flames and but for the prompt action of the employees who quickly ran a line of hose to the fire, and helped control it until the arrival of the fire department, might have resulted in a very disastrous fire. As the cupola is not near any chimney or fire the cause of the outburst is quite a mystery. The city fire department made a quick run and very quickly extinguished the fire after their arrival.

PRESIDENT'S WIFE SHOWING FINE COURAGE
(Continued from Page 1)

clerks labor with the work of cancelling arrangements made at advance points of acknowledgment hundreds of messages of solicitude and responding to continuous telephone calls from anxious friends everywhere in the country.

It was revealed today that it was Mrs. Harding who finally persuaded the president to give up hopes of continuing the journey as it was originally planned. Pledgings on the part of the others of the chief executive's personal party, including the adjutant general, Brigadier General Sawyer, the president's physician and friends, it was learned, had failed to convince him that he must surrender to sickness the pleasures of meeting the people along the line of travel and must let them know of his ailment.

Would Have Proceeded

Spokesmen of the party said the president unquestionably would have proceeded further with the trip than San Francisco, fulfilling speaking engagements and lending himself to arrangements made for him as he did in Seattle, Wash., had it not been for Mrs. Harding's standpat opposition. She too was anxious to continue the program, and, with the president, was reluctant to disappoint the thousands of people who had travelled far from their homes to cities where the president was scheduled to appear.

It was Mrs. Harding's argument that it would be better for the chief executive to halt in San Francisco, cancel the advance itinerary and announce to the public the true facts, than it would be to continue the journey and risk the consequences of continued travels under the prevailing circumstances. The logic of this plea compelled the president to yield to that course but only after he had steadily refused, in talks with Dr. Sawyer and Secretary Work also a physician, to permit the announcement to be made that the program was to be cancelled.

Condition Discussed

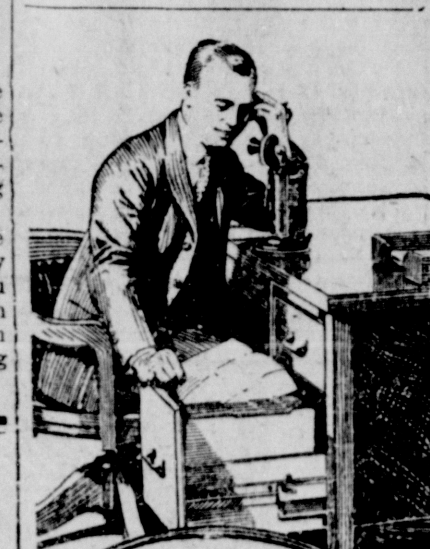

During the time these discussions were in progress from Saturday to Sunday morning, none of the president's party suspected his illness would be complicated or become more serious. It was generally believed that the slight attack of ptomaine poisoning would be overcome by a day or two of rest in San Francisco and the president would be recovered sufficiently by Tuesday to go thru with the arrangements in San Francisco that day and Wednesday and continue then to Los Angeles, San Diego and home by way of Panama and Porto Rico.

Developments during the first day in San Francisco, however, made this plan impossible of execution. The president failed to respond to the physicians' treatment in the manner that had been expected. Contrary to the expectations of everyone in the party, new complications arose and then it was said that Mrs. Harding in conference with Dr. Sawyer, Secretary George Christian and Dr. Work, finally with the president's assent caused the publication of the statement cancelling the entire program and leaving the future to be determined by the progress the president makes in his fight to renewed health and strength.

MUST ECONOMIZE OR FACE DEFICIT

MANILA.—(By the A. P.)—A general retrenchment policy must be adopted in order to avoid a deficit in the Philippine government finances this year, according to a recent statement by Governor General Wood. He declared that a number of projects which the last legislature authorized must be held in abeyance until the government is in better financial condition.

By suspending a number of projects authorized by the legislature, such as expenditures in connection with the extension of the Manila Railroad and the building of hospitals, the governor general explained that the government will be well within its revenue receipts at the close of the year.

PRESIDENT STRICKEN WITH PNEUMONIA
(Continued from Page 1)

well adapted to make a strong fight against the broncho-pneumonia infection.

Avail Developments.

Announcement was made that there would be no further consultations or bulletins issued during the night unless there was a decided change in the condition of the chief executive.

As a measure of precaution, oxygen tanks were brought into the hotel late tonight but physicians said the need for that administration had not appeared at that time. The oxygen would be administered, it was explained, only in case the patient showed difficulty in breathing because of congestion in his lungs.

The bulletin issued tonight failed to bear out the more optimistic reports which had come from the president's sick room during the afternoon. It noted only a slight decrease in temperature and a rapid rise in pulse and respiration; and moreover said that there was evidence of congestion in one lung whereas the physicians' statement issued shortly before noon had described the lung as clear. The most encouraging feature of tonight's statement was that the chief executive had taken some nourishment and had been fairly comfortable during the day.

The First Bulletin.

The bulletin issued after an hour's consultation by the physicians was as follows:

"The president's condition is as follows:

"Temperature 100.6 degrees. Pulse 125.

"Respiration 44 and somewhat irregular.

"There is some cough and evidence of congestion in one lung. He has taken some nourishment."

"Except for weakness and restlessness he has been fairly comfortable during the day though his condition is a serious one."

Signed:

C. E. Sawyer, M. D.,
Ray Lyman Wilbur, M. D.,
C. M. Cooper, M. D.,
J. T. Boone, M. D.,
Hubert Work, M. D.

Brigadier General Sawyer, supplemented the night statement in a frank talk with newspapermen in the course of which he said the word "serious" as used in the bulletin meant not that the president's condition was "grave" but as "threatening to become dangerous."

Battle in Progress

At the present time, General Sawyer said, there was in progress a battle between the resistive forces of the patient, which, he said, had been weakened as a result of the trying physical exertions which attended his travels, and the attacking forces which grew out of the original ptomaine poisoning.

"We are running with a very handicapped machine," he added, meaning the president's physical being.

General Sawyer said that the situation might be summarized by saying that the "president had the predisposition (to resist the attacking forces), then the exciting cause (ptomaine poisoning) and now is handicapped in an effort to throw off complications which have and may continue to arise."

The problem at this time said General Sawyer is to get the machine strengthened so that it will have power to resist the attacks being made upon it.

Explain Condition

Explaining the increase pulse noted in the bulletin tonight, General Sawyer asserted that all the complications at present discovered united in increasing the strain upon the patient's heart.

"When his heart is beating above normal," he said, "it can be readily seen that the situation is serious."

Dr. Sawyer declared there was no intention or consideration being given to removal of the president to any hospital in San Francisco or to any other city.

"We are as well equipped to take care of Mr. Harding here right in this hotel and in this city as we would be anywhere in the world," he asserted.

The president continues to remain cheerful, General Sawyer said and then illustrated by saying:

"This afternoon the five of us went into his room and I said: 'Mr. President, we would like to make an X-ray of your chest.'"

He replied: 'Come on for I have nothing to conceal.'"

Mrs. Harding was described by General Sawyer as the sort of woman "who is best under fire."

"She knows everything," he continued. "I have given her every detail in the case of the president, just as I did when she herself was ill. She has stood this very well and is not afraid."

EXTRA SESSION OF CONGRESS IS WANTED BY JOHNSON ET AL

Claim Agricultural Conditions Threatening a Calamity

MINNEAPOLIS, Minn., July 30.—President Harding was urged to call an extra session of congress without delay to deal with agricultural problems affecting the nation at a conference of four United States Senators of the northwest here today.

The session was attended by Senators Henrik Shipstead of Minnesota, Smith W. Brookhart of Iowa, Lynn J. Frazier of North Dakota and Senator-elect Magnus Johnson, of Minnesota.

After several closed conferences the senators agreed that an extra session should be called at once, but decided to put forward no plan at this time for fixing the date of the session.

The telegram signed by the senators was sent to the president at San Francisco in care of Brigadier General Sawyer, the president's physician, with the request that it be "delivered when the president's health permits."

"I set forth that the condition of agriculture threatens a national calamity and that only an extraordinary session of congress can avert the calamity."

The telegram follows:

"The present condition of agriculture threatens a national calamity. We therefore urge that congress be called in extra-ordinary session as soon as possible to meet this emergency."

MOTHERS OF PRIZE BABIES RIDE FREE

SPRINGFIELD. (By A. P.)—Admiring mothers with their prize winning babies will ride free to the Illinois state fair here next September, if a suggestion of Dr. Isaac D. Rawlings, director of the department of public health is followed.

A baby show, wherein the prize baby of the state is to receive a cash grand elimination award of \$100 is to be held at the fair this year. Preceding this state show, many local baby contests are to be held thruout the state. Dr. Rawlings has suggested that the first prize at these local shows be a free trip for the mother and the baby winning the top prize. Most of the local baby shows will be held at country fairs this summer.

While in years gone by the pure bred cattle and the pedigreed hogs and the thoroughbred horses have put their stamp on the state fair, Dr. Rawlings called attention to the growing importance of the baby exhibit which, he maintains, does and should rival the live stock exhibits.

"Illinois has a great fair," he said, "and its greatest exhibit should be perfect specimens of babyhood, nature's prophesy of a better race of men and women for the future."

At last year's baby show there were 3,165 entrants, 922 of whom received thorough examination by medical experts. Anticipating an even larger registration this year, an increased corps of medical, dental and other experts will be in attendance at the 1923 baby conference.

Dr. Rawlings announced that applicants may register any time and up to midnight September 7. Application blanks and the rules governing the contest are available at the office of the state department of public health in Springfield.

NEW SLOGAN URGED FOR BAPTIST WOMEN

Educate the Women of all Lands is Plea of Speaker at Baptist World Alliance

STOCKHOLM.—(By the A. P.)—If the Baptist women of the world seize their present opportunity for the service of their generation they will adopt as their slogan "Educate the women of all lands," Mrs. Helen Barrett Montgomery of Rochester, N. Y., and former president of the Northern Baptist Convention, told the Baptist World Alliance today during its special program given over to the consideration of women's work.

"When you educate a man you liberate an individual, but when you educate a woman you liberate a family," Mrs. Montgomery declared, and she said Baptist women of the world were performing no more significant service for womankind today than through their Home and Foreign Missionary Societies in establishing schools for the education of women to whom doors of opportunity have been closed heretofore.

Schools in Orient.

Seven schools of higher learning in the Orient and supported by the Women's Board of Foreign Missions, the speaker pointed out while the women of various denominations and countries are co-operating in the support of 15 schools in the Orient which have for their sole purpose the provision of a trained Christian leadership for the women of that section of the world. A fund of \$3,000,000 for these schools was recently completed in the United States under the leadership of Mrs. Henry W. Peabody of Boston.

Christ was the great emancipator of women, Mrs. Montgomery declared, and in the proportion that the women of the world are educated and trained for service will the Kingdom of Christ be ushered in. With the larger education of women there have come large opportunities in organization and service, it was set forth, and recent reforms in temperance and other welfare lines indicate the effectiveness of women's power, once she is liberated and trained, it was declared.

Cox of Louisville, Ky., James M. Cox of this city, Frank J. Cox of East St. Louis, and Edward L. Cox of this city. She also leaves two sisters: Mrs. Mary McFarney of Pueblo, Colo., and Mrs. Carrie Kendall of Elgin, Ill.

Mrs. Cox was a member of the Church of Our Saviour, and funeral services will be held from that church Wednesday morning, in charge of Rev. F. F. Formax. Interment will take place in Calvary cemetery.

Dwight
The death of Mrs. Helen McCleure Dwight of New York occurred Sunday at the home of Dr. Carl E. Black, 1302 West State street, where the deceased had been for a number of weeks. Death was due to heart trouble following an illness of pneumonia and Mrs. Dwight's condition for a number of days had been critical, so that death was not unexpected.

The deceased was a sister of Captain William A. Kirby and Mrs. Frances C. McLaughlin of this city and an aunt of Mrs. Carl E. Black. Mrs. Dwight was born seventy-eight years ago in Mendon, Ill. She was a daughter of Rev. William Kirby, who was a member of the original "Yale Band" which founded Illinois college.

Mrs. Dwight was at one time an instructor in music at the Illinois School for the Blind in this city, later studying for a time at the Conservatory of Music in Leipzig, Germany. Her marriage to Rev. Everett Dwight of New York City occurred in the year 1870. Rev. Dwight passing away in September 1907.

Five children survive: Ellsworth E. Dwight of Summit, N. J., Richard E. Dwight and Dr. Kirby Dwight, both of New York City; Mrs. Gordon L. Berry, now of Geneva, Switzerland, and Miss Marion E. Dwight. The deceased is also survived by two sisters and one brother, Mrs. Frances C. McLaughlin and Captain W. A. Kirby both of this city and Miss Elizabeth P. Kirby of New York. Brief services were held at the Black home Sunday evening in charge of Rev. R. O. Post attended by relatives and intimate friends of the deceased. The remains are now en route to New York where interment will be made. The funeral services there will be held at the residence of the deceased, 31 Mt. Morris Park West.

Tomorrow I'll Send My Suit to the West Side!

MANY GATHERED FOR FUNERAL SERVICES

Last Rites Said for James D. Erickson at Ebenezer Church Monday Afternoon.

Funeral services for the late James Dillon Erickson were held at Ebenezer church at 2 o'clock Monday afternoon in charge of Rev. James O. Kirkpatrick of White Hall who is a very near friend of the family. The sermon was from the text, "The Gift of God is Eternal Life." Rev. F. E. Bracewell assisted in the service, which was attended by a large concourse of friends who gathered to pay their last tribute of love and respect.

The flowers were cared for by granddaughters of the deceased: Miss Pearl Bridgeman, Mrs. J. W. Middleton, Mrs. Clayton Stewart, Miss Kathryn Erickson, Mrs. D. H. Bridgeman and Mrs. J. E. Bridgeman.

Short services were held at the home in charge of Rev. Mr. Kirkpatrick. The music was furnished by Mrs. Raymond Brainer, Mrs. Charles Brainer, H. E. Ogle and Lloyd Ogle. Mrs. Oscar Smith also sang, "He Knows It All."

Pallbearers were all grandsons of the deceased: Earl Dillon and John Bridgeman, Delbert Erickson, Clayton Stewart and James W. Middleton.

Interment was in Arcadia cemetery. James Dillon Erickson was born November 8, 1832 in Pittsburgh, Pa., and died at the home of his daughter Mrs. Samuel Bridgeman on West Lafayette avenue Jacksonville, July 28, 1923, aged 90 years 8 months and 20 days.

As a child of six months he removed with his parents to Monroe county Ohio. On March 5, 1857 he was united in marriage with Nancy Woodrow Patton and then removed to Brown county, Ind., to make their home.

Of this union four children were born: Mary Rachael Bridgeman of Jacksonville, Minerva Jane Goodpasture of Jacksonville, John Noah, now deceased and Samuel Thomas of Jacksonville.

In November, 1869, he removed to a farm north of Jacksonville near Arcadia where he for many years was a prosperous farmer. His companion passed to the better land September 21, 1897.

In February 1909 he made disposition of his property and came to live with his daughter, Mrs. Samuel Bridgeman. He grew feeble as age weighed heavily upon him. His children and especially his daughter and her family with whom he resided did everything possible to make his last days as comfortable as loving hands could make him.

He early gave his life to God's service and after coming to Illinois made his church home at Grace Chapel.

He was of a kindly spirit a lovable gentleman and had the respect of all who knew him.

A shadow fell upon our lives When Death, the Reaper, came. And took our father dear away From Earthly care and pain.

But some time, some day, our eyes shall see The face we love so well; Some time our hands shall press in his, And never say farewell.

A precious one from us is gone; A voice we loved is stilled; A place is vacant in our home Which never can be filled.

God, in his goodness, has recalled The boon his love had given. And though the body slumbers now, The soul is safe in heaven.

The evening shades had vanished, The night was calm and still; God sent his blessed angels To do his holy will.

Where the sunbeams love to linger, And the raindrops gently fall, He is sleeping there so peacefully, Waiting for us all. The Children

HEATHCOTE INJURED IN FALL OVER ROPE

Ten Home Runs Made in Four Game Series Between Two Nationals

CHICAGO, July 30.—Cliff Heathcote of the Chicago Nationals, running at top speed after a long fly, fell head first over a rope in right field which was stretched to hold back the overflow crowd. He was carried out on the field where he recovered and left the game. The club physicians said he was suffering from shock.

Ten home runs were smashed out in the four game series between the Chicago Nationals and New York Nationals, each club making five.

Manager Fred Mitchell of the Boston Nationals and Center Fielder Powell were chased off the field by Umpire Moran when they argued a strike decision by the arbiter.

SENATORS DEFEAT TIGERS, SCORE 1 TO 0

WASHINGTON July 30.—Walter Johnson had the better of Daus in a pitchers' battle here today. Washington defeating Detroit 1 to 0. Goslin drew a pass after two were out in the first inning and scored on hits by Rice and Ruel. Rain permitted the playing of only 1 game of the scheduled double header.

The Meat of the Wheat
STARCH is the "meat" of the wheat berry. It is the great energy-producing element of the grain.
But, in order to do you any good, it must be thoroughly digested, and it is right here that such a food as Grape-Nuts renders special service.
Grape-Nuts, made from wheat and malted barley, supplies the meat of the wheat in most digestible form.
That is because in the making of Grape-Nuts a large proportion of the starch is converted into dextrins and maltose—forms into which all starch elements must be changed before they can be assimilated by the system.
Grape-Nuts not only digests easily, but also aids in the digestion of other foods.
Crisp, delicious Grape-Nuts with milk or cream is a complete food. It supplies the life-essential vitamin-B; also iron, phosphorus and other important mineral elements for nerve, tooth, bone and other body structure.
The daily use of Grape-Nuts is a form of health insurance which has demonstrated its value for more than 25 years.

Market Report

Associated
Press

MARKET RALLIES
SHARPLY MONDAY

NEW YORK, July 30.—Prices
rallied sharply in the latter part
of today's stock market upon the
lifting of selling pressure which
had been in evidence since Fri-
day morning. Opening prices
were heavy, due to an accumula-
tion of weak end selling orders,
but many of the standard indus-
trialists exhibited a rallying ten-
dency from the start and the
rapidity of their advance indicat-
ed a temporarily oversold condi-
tion.

Much of the selling this morn-
ing came from professional trad-
ers but commission house liquida-
tion also quite extensive, particu-
larly from western points. This
was influenced, in part, by the
president's illness, the unfavor-
able condition of the wheat
market and the pessimistic news
from abroad which was also re-
flected in the lower foreign ex-
change rates. One interesting
event of the session was the es-
tablishment of another low for
the year by U. S. Steel common,
which touched 83½ and then ral-
lied to 87½ for a slight fractional
gain on the day. Heaviness of
this issue apparently was influ-
enced by reports 30 blast furn-
aces had closed down in the Pitts-
burgh district. However, the
quarterly report of the corpora-
tion which is to be issued at the
close of business tomorrow is ex-
pected to show a substantial in-
crease in earnings over the first
quarter. New low records for
the year also were established by
Texas and Pacific, which sud-
denly advanced as the result of a
poor June earnings statement, northern Pa-
cific, Great Northern preferred
and Chicago & Northwestern.

Willis Overland preferred
jumped 4 points to a new high.
Baldwin touched a new low at

UNION SERVICE DREW LARGE AUDIENCE

Rev. A. P. Howells of First Baptist Church Gave Impressive Sermon

Another large audience was present Sunday night for the union services on Grace church lawn. The sermon was by Rev. A. P. Howells, pastor of First Baptist church. As in previous services, music was made a special feature. An augmented orchestra furnished a program and Homer Wood sang a solo.

Dr. W. E. Spooner presided the Scripture lesson was read by Rev. T. H. Tull and prayer was offered by Rev. W. H. Marbach. It was announced that Rev. C. D. Robertson will be the speaker next Sunday and on the following Sunday Rev. M. L. Pontius.

Dr. J. R. Harker took the opportunity to thank the people of all the churches for co-operation in the recent campaign.

Rev. Mr. Howells took for his text Matthew 16-24, "Let him deny himself." Some of his thoughts were as follows:

When Jesus announced his program of suffering and death, Peter remonstrated with him and attempted to dissuade him. But Jesus persisted in his purpose, knowing it was necessary part of his plan. Hooded monks in a monastery at Quebec, chastise themselves for punishment and say one to another, "Brother, we must die." This was not the kind of self-denial that Jesus meant. He proclaimed a Gospel of Joy to the world.

Man's worst enemy is not heridity. Criminals are sometimes excused on this ground, but it is clearly shown in the Bible that evil sons often spring from pious parents, as in the case of Eli and his prodigal boys and David and his wayward children.

Man's worst enemy is not his environment. Many a man has come out of a drunkard's home and grown up to be not only temperate and pure, but an ardent prohibitionist and enemy of drink. God is able to lift a man out of his environment and make him sit together in heavenly places with Christ Jesus.

Man's worst enemy is not his age, whether it be the careless age from 16 to 21 or the callous age from 40 to 50. It once was thought that while a young man was sowing his wild oats that this was the most dangerous period, but many a man slip down during the callous age, from 40 to 50 years. That is the tragic age of life.

But self is man's worst enemy. Self produces pride. That was the principal sin of the Pharaoh of the Exodus. The speaker described an attempt once made at a banquet to unite the two cities of St. Paul and Minneapolis. All went well till one speaker proposed that the name of the united city should be Minneapolis, "Minne" for Minneapolis and "Paul" for St. Paul, and then negotiations were off.

Jealousy, revenue and strife are the products of selfishness. Jesus offers in their place, humility, forgiveness and peace.

To deny one's self means to take up your cross and follow Jesus to the place of crucifixion, where pride, jealousy, anger and strife must die and Jesus may be substituted as the source and inspiration of character.

DR. AND MRS. THRAPP ARE GUESTS IN CITY

Former Pastor of Central Christian Church Will Speak at Service Wednesday Evening—Informal Reception to Follow.

Dr. and Mrs. R. F. Thrapp arrived here yesterday from Seattle, Washington, for a brief visit to old friends. Dr. Thrapp, who is a former pastor of Central Christian church, will be present at the regular prayer meeting Wednesday evening and will speak. Following the meeting an informal reception will be given for him and Mrs. Thrapp. The visitors are stopping at the home of Mr. and Mrs. George T. Douglas 1235 West College avenue.

After their visit here Dr. and Mrs. Thrapp will proceed to New York, where Mrs. Thrapp, who is an accomplished vocalist, will study voice for a few weeks. Dr. Thrapp will visit relatives in Massachusetts. They are taking a vacation of two months from their work in Seattle.

TO ALTER CITY TOUR

It has been decided to change the route of the city tour at one point in the west part of the city. Instead of having sight seers double back on their trail after passing the School for the Deaf and turning on Mound avenue, they are to be directed east on Mound avenue to Lockwood place, then one block north to West College avenue. This will give visitors an opportunity to view the athletic field and campus of Illinois college.

PAVING ORDINANCES PASSED BY COUNCIL

Make Preparations for Further Improvement Work on East State Street and West Morton Avenue

An adjourned meeting of the city council was held Monday night with Alderman R. Y. Rowe, mayor pro-tem presiding. Aldermen Blesse, Chumley, Fairbank, Harmon and McGinnis were also present.

The meeting was held particularly for the consideration of paving ordinances submitted by the board of local improvements. The ordinance for the East State street improvement No. 4, extending from Johnson street east, was passed with an emergency clause. The ordinance for paving Morton avenue from South Main street to Diamond street was also passed with an emergency clause.

The Morton avenue pavement is to be of asphalt and the estimated cost is \$36,282. Engineer Henderson mentioned that several appropriations have been made for the state's share of the paving expense and had lapsed. A few weeks ago a terse letter from state officials indicated that Jacksonville should either pay this year's share, another appropriation having been made, or else drop the proposed improvement indefinitely.

Alderman Harmon made informal report of a recent conference in Springfield, which he attended, at which time an agreement was reached for a continuation of the public health program until January 1.

City Attorney Bellatti stated that it will be proper to accept the state highway department's suggestion of placing highway markers within the city limits after the hard road to the west has been completed.

COMPLETE PLANS FOR CHAUTAUQUA OPENING

Executive Board Held Meeting Last Night and Checked Over Details of Strong Program—Tent City to be Larger This Year.

The executive board of the Chautauqua Association held a meeting last night, at which final plans were made for the opening of the Jacksonville chautauqua next month. It is customary to hold a meeting of the board at this time each year to check up the infinite details of preparation of the program and other matters. An especially strong bill is to be presented to the public this season, and the work of arranging the program was unusually heavy.

It is intended to thoroughly advertise the chautauqua in surrounding towns. Members of the board expect to make booster trips from time to time during the next two weeks. The tent city is expected to be larger than ever, and the call for tents and space is becoming more insistent daily. The advertising in the surrounding towns is intended to greatly increase the sale of season tickets. Farmers and people from nearby communities always give the chautauqua hearty support.
